

ADM 10 Head Combination Weigher

ADM Packaging Automation offer a range of weighers for various applications to achieve fast and precise weight accuracy. These weighers are predominately used in the food industry for packaging applications and can be found in pharmaceutical, engineering, commercial and other industries.

The weighers are built to high standards close weight tolerances. A record management screen is provided for data collections of production runs and performance. The weighers are user friendly and provide long term running performance and weight accuracy.

Products

Free Flow Powders: Sugar, Salt, Spices, Milk powder, various sorts of powders, etc.

-Granules & Seeds: Coffee beans, Rice, Sesame Seeds, Small Granules etc.

-Dry & Processed Foods: Snack foods, Cereal & Health Foods, Confectionery, Biscuits & Bakery, Pasta, Grated Cheese, Nuts, Dried fruits, Pet Food

-Non Food: Fasteners, plumbing parts, plastic, etc

Features

- Stagger dump
- Digital sensors enhance the speed, precision and anti-jamming capability
- SS Frame with IP65 protection, design allows for easy to assembly and cleaning.
- Compatibility with packaging machines.
- User-friendly interface
- Combining high speed with high accuracy
- Optional timing hopper, printer output

Model	ADM-MA10-1.6L	ADM-MA10-2.6L
Weight	10-1000g (3000g max)	10-1500g (3000g max)
Weight Accuracy	0.1-1.5g	
Speed	Up to 70 Bags/min	
Bucket volume	1.6 Litre	2.6 Litre
Structure	Stainless Steel 304 grade	
Drive	Step motor	
Program	99 Sets	
Display Screen	10.4 inch touch screen	
Power supply	240V , 50Hz, 1500W
